

EI. EXECUTIVE INTELLIGENCE

“The online platform enabled the process and was user friendly.

The pre-recorded responses to our key interview questions provided excellent assessment insight and allowed us to do so at our own time.

They smoothly integrated our own behavioral inventory into the process. This customisation was extremely helpful making it familiar to our hiring managers.

Real search partners that understood what was important to us and delivered.

GASLOG Global Head of HR

How can our Executive Intelligence platform benefit you?

Increased efficiency by streamlining your recruitment process on an easy-to-use 24/7 accessible platform.

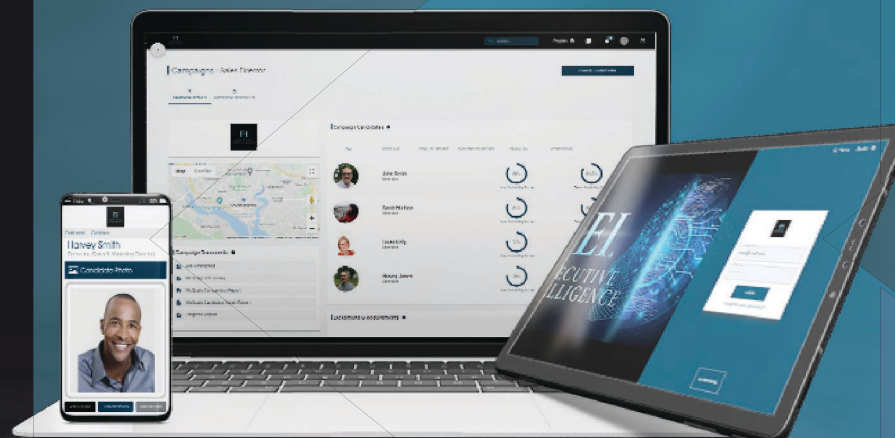

Reduce risk of a 'Bad Hire' with candidate benchmarking, job fit analysis, psychometric and behavioural analysis, and up to 12 months free replacement.

Decrease commercial downtime by finding your perfect candidate for the role fast.

Improve candidate experience with an impressive, efficient, and consistent approach to recruitment

More than just CV Delivery

01

Key Competency-Based Questions

Allowing candidates to showcase their knowledge and offer a direct comparison with other candidates.

02

Psychometric & Behavioural Testing

Showing how candidates will perform in the role; their reactions to high pressure; and how they take charge of responsibility.

03

Job Fit Analysis

Psychometrics results compared with current employees who are already succeeding in-post to check if candidates match key characteristics.

04

Video Introduction and Assessment

Gain a strong first impression of each candidate with video introductions answering key pre-interview questions.

05

Candidate Benchmarking

Candidates are compared on key skills, competency, and salary to provide a cost-benefit analysis of the options available.
